Ghost OG is Indica dominant. It contains a mixture of about 70% Indica and 30% Sativa and is produced by crossing Afghani Indica with OG Kush. It has a colorful appearance and contains numerous colors, including green, yellow, and purple tones. It is covered with trichomes and has a dense feel. Ghost OG has a pleasant and strong aroma with a hint of lemon and citrus. The taste is quite enjoyable and is a blend of Kush, Lime, and sweet flavors.
