## JENNY KUSH

Jenny Kush is a balanced hybrid created through a cross of the powerful Amnesia Haze and Rare Dankness #2 strains, named in honor of Jenny Monson-Frieda, a cannabis activist who was killed by a drunk driver in 2013. It has an unforgettable taste that is delicate and floral with a heavy lemony pine hint. The aroma is surprisingly spicy and tropical with a zesty bouquet that is released as the nugs are burned. Jenny Kush is said to leave you very positive and cheery, eliminating all negativity from your day.
