

GHOST OG

[Afghani x OG Kush]

**GOOD PEOPLE.
GOOD CANNABIS.
GOOD DAY.**

Ghost OG, by the Good Day Farm Brand, is an indica-dominant strain that is said to start with a numbing and tingling sensation, particularly in your fingertips. As you ease in, Ghost OG becomes socializing and will have you laughing and talking. Ghost OG is a great strain for relaxing to work through mundane tasks, making them more fun – or before social occasions.
